

# POSTI DI VISTA green block

FABBRICA DEL VAPORE  
MILANO 14-19 APRILE 2010

**FDVLAB – FABBRICA DEL VAPORE WORKSHOP ASSOCIATION, IN COLLABORATION WITH OTTAGONO AND THE MUNICIPALITY OF MILAN HAS DEVOTED ITS FUORI SALONE TO ISSUES LIKE SUSTAINABILITY, ENERGY EFFICIENCY AND URBAN GREEN.**

**Fabbrica del Vapore, via Procaccini 4 / via Luigi Nono 7**  
**Open every day from 10 am till 10 pm; 14 - 19 April 2010**  
**Inaugural cocktail on Wednesday 14 April from 7.30 pm on**  
**Design cocktail by Wyborowa Exquisite: 14/4 h. 7.30 pm, 15-19/4 h. 7 pm**  
**Conference Ecodesign e bioedilizia saturday 17 April at 5 pm**  
**Press conference, Palazzo Marino, Thursday 8 April from 12 pm on**

Over the last years, Fabbrica del Vapore has sent a cohesive and strong message among the "Fuori Salone" proposals offered by the Municipality of Milan during the Salone week: its ongoing growing overturn is due to its creative process, which explores the nexus between design and social, economic, political and ecological issues. Their growing interest must be taken into account by anyone dealing with culture.

On the 49th Salone Internazionale del Mobile, **FDVLAB**, in partnership with the **magazine Ottagono** is giving life to the event "**Posti di vista – Green Block**" (Places of view – Green Block): Fabbrica del Vapore is taking into an ongoing growing account issues like **Sustainability, Eco-friendliness, Short production and distribution Line, Energy Efficiency, Urban Green Planning and Networks.**

The importance of the issues dealt with and of the engagement shown by its promoters in developing the project has led the **Municipality of Milan** to be the **main sponsor** of the event; the aim is to start a collaboration over the next years by organizing other similar projects, Milan being the host of the Expo 2015.

The main initiatives will be taken care of by Ottagono, BestUp – bello equo e sostenibile, Accademia del Gioco Dimenticato, Aiace, Ariella Vidach – AIEP, Careof DOCVA Viafarini, Il Fischio, Laboratorio DAGAD, MacchinazioniTeatrali, Mascherenere, ONEOFF – Industreal, Process 4, SHOW BIZ, Institute Without Boundaries, as events, exhibitions, competitions and workshops.

**Permanent installations** and **temporary architecture** works will be carried out along with the presentation of other **products** and **projects** strictly intertwined by the concept of sustainability.

For fourth consecutive year Best Up, as scientific partner, with its circuit for the promotion of a sustainable living, is campaigning at Fabbrica del Vapore for "**+LCD – CO2**"; other initiatives of its own are the "**Tavolo della Sostenibilità**" (Table of Sustainability) and the exhibition "**Step by Step verso la sostenibilità. BUONI ESEMPI**" (Step by Step towards Sustainability. GOOD PRACTICES).

The exhibition "**Sostenibilità a tutto vapore**" (Sustainability in overdrive) will be held at Spazio Polifemo with 100 products of 100 designers: the works are completely eco-sustainable and will be part of a publication dedicated to the theme.

The outside will be the venue of green planning with bio-lakes, urban orchards, trees and public and sportive green areas.
